

OVERVIEW

The Love Is Action Community Initiative is a collective impact initiative that seeks to equip communities to establish a non-partisan platform on which individuals, businesses, houses of worship and faith-based organizations, NPOs/NGOs, and public services can collaborate to end the societal ills that harm us all, including child abuse, the commercial sexual exploitation of children, domestic violence, depression, suicide, substance abuse, and homelessness.

*There are children and families in distress
within 15 minutes of you*

LOVE IS ACTION COMMUNITY INITIATIVE

provides community stakeholders
a blueprint and resources for helping kids and
families under the professionally guided assistance
of private, non-profit child welfare organizations

A Successful Survivors Foundation Collective Impact Collaboration

Putting our love into action to help the vulnerable and fragile neighbors among us gives profound meaning to our lives.

-  LIACI seeks to eradicate social isolation.
-  LIACI does not compete with program participants for funding.
-  Funds raised at LIACI events remain in the community to fund the local programs which facilitate the safe connection of neighbors.
-  LIACI does not compete with other initiatives, but invites collaboration for the unified purpose of helping others.
-  LIACI welcomes every business, group, public and private social services, faith-based organization, and individual citizen to do their “*no big deal*” for others.
-  LIACI vetted programs are proven effective. For a complete list of programs, resources, and referral sources, go to www.loveisactioncommunityinitiative.org.
